Sir:

In response to the Notice mailed May 2, 2003, Applicants respectfully request that the following amendments be entered into the application:

**IN THE SPECIFICATION:**

Please amend the specification as indicated. The changes are shown explicitly in the attached "Marked up Version Showing Changes Made".

*(Signature)* Please replace paragraph number 0023 with the following paragraph:

*(Signature)* Figure 8 is a bar graph of the results of screening of a (SEQ ID NO: 2) GSTA library.

*(Signature)* Please replace paragraph number 0044 with the following paragraph:

*(Signature)* In a preferred embodiment, the peptides derived from a cancer-associated mucin, and is in particular a MUC1 core protein. The MUC1 tandem repeat derived
